

## Arizona Silver Belt

## LOCAL NEWS.

H. J. Windmiller, of San Carlos, was a visitor here last Friday.

The fall term of the Globe public schools will begin September 16.

Etheridge Martin returned last Friday from a visit to his old home in England.

Edward Weck left last week for the coast. He will visit Los Angeles and San Francisco.

Miss Frank Kellner is enjoying a vacation in southern California, and will be absent several weeks.

Alonso Bailey left this morning for Los Angeles to visit his family. He expects to be absent two or three weeks.

Mr. and Mrs. E. J. Roberts and baby left Tuesday for a month's recreation and to visit relatives in California.

L. R. Harrison, late of Los Angeles, has opened a shoemaking and repair shop in the building adjoining Tillman's furniture store.

H. H. Harvey left this morning for a month's stay in southern California, to include a visit with Mr. and Mrs. Finletter at San Diego.

Changes are being made in the interior arrangements at the News Depot, preparatory to the removal of the postoffice there next Sunday.

Andy Flood and wife returned last Friday night from Los Angeles, and we are pleased to learn that Mrs. Flood's health is much improved. They found Los Angeles as warm as Globe.

G. W. Peterson of the Globe Drug Store, returned last Tuesday from his vacation on the coast, accompanied by his sister-in-law, Miss Jennie Thaxter of Florence, Cal. Mrs. Peterson will remain in Los Angeles two weeks longer.

Andre Maurel makes the announcement to the thrifty housewives of Globe that he is prepared to supply them with peaches of several varieties suitable for preserving, at very reasonable prices. Orders for any quantity promptly filled.

A report was received here yesterday that Floyd Gravelle had been badly injured in the boiler shop of the Copper Queen Co., at Bisbee. His father, Wm. Gravelle, telegraphed to Harry Duey for information, but up to this afternoon had received no reply.

Richard Matthews had his right leg broken above the ankle from the kick of a horse, last Saturday afternoon. Matthews, who is an employee of the United Globe Mines, was returning from work when he was thrown and kicked by his horse, in front of Christy's carpenter shop.

Fred Childers, who came in from the Bobtail mines yesterday morning, reports that the storm on Tuesday night was the heaviest of the season there. Thunder and lightning were incessant and there was a downpour of rain. The storm extended all over the upper Mineral creek and Pinto creek section.

The announcement received eight days ago over the SILVER BELT's private wire from Washington, that the News Depot had been chosen for the location of the postoffice, was confirmed several days later by an official communication to Postmaster Allison. The office will be moved into the new quarters on Sunday.

Alfred Kinney is in receipt of a letter from his wife, who is in San Francisco, enclosing a notice of the death of Stephen C. Wilmans in that city on August 6, from apoplexy. The brothers of the deceased, Fred and J. M. Wilmans are at Cape Nome. The Wilmans family were for many years residents of Globe, and many of the old timers here will learn of Steve's death with regret.

## St. John's Church.

There will be evening service at St. John's church at 8 p. m., but no morning service. Sunday school from 10 to 11 a. m.

The choicest oranges, apples, lemons and nuts at H. H. Pratt's.

The Nogales Oasis reports that six Chinamen who had stolen into Arizona from Sonora, were rounded up by Wardner Harley and two other small boys. They herded the Celestials into a vacant cabin and Wardner and one companion stood guard while the third boy went to Nogales to notify the authorities. It was midnight when the officers arrived and took the Chinamen into custody. The plucky boys now figure as heroes in Nogales.

J. C. Goodwin, the champion long distance walker, got in last Tuesday, having footed it all the way from Goldfield camp, Pinal county. Jim's propensity for prospecting led him off the trail and he was a whole day finding his way out of the deep canyons of the Superstition mountains. He did not recover his bearings until he landed at a cowcamp on lower Pinto creek, having gone ten miles out of his course. He will remain in Globe a couple of weeks.

At Kelvin last week, a barrel of whiskey was seen floating down the river. The announcement brought a crowd to the bank of the river, and the floating "inspiration" was soon rescued from the channel of the river and started down other channels. And "there was a sound of revelry by night," and the surrounding hills were vocal with the echoes of the old refrain, "We Won't Go Home till morning," nor did they till the chancie sounded the daylight alarm. —Florence Blade.

There was an exodus of the Peter family last Monday. David Peter and daughter, Miss Madge, returning to their home at Arlington Heights, Illinois, and D. J. Peter and family taking their departure for Phoenix, where Mrs. Peter and children will remain while D. J. is looking up a location in California. They will be missed by their many friends in Gila county. Fortunately we can still claim the genial Geo. T. Peter as a citizen of the county, and he says, he will soon be the only Peter in Arizona.

Word has been received from Clifton that last Sunday's baseball game between the Clifton and Lordsburg clubs resulted in an overwhelming victory for Clifton, the score being 25 to 1. Credit for the Clifton club's success is largely attributed to Will Gray's fine work in the box. The Globe twirler was invincible, and it is said the Cliftonites are offering him all sorts of inducements to remain with them. He will probably stay there until next week and pitch for the Cliftons against the Bisbee club next Sunday.

W. T. McNelly, who represented Globe Lodge, No. 489, at the recent meeting of the Grand Lodge, B. P. O. Elks, held in Milwaukee, arrived home on Tuesday night. Only three Arizona lodges sent representatives—Phoenix, Flagstaff and Globe. Mac says the reunion at Milwaukee was the most successful one ever held by the order, and visiting Elks were royally entertained. Salt Lake City was chosen as the place of meeting of the grand lodge next year. Mac also spent several days in Chicago and at lake resorts in Michigan, and altogether had a splendid time.

The first car of crude oil to be used in Globe for fuel purposes has just been received by the Globe Electric Light & Refining company. The oil is a heavy viscid substance and cannot be ignited by a match or flame before it has been heated or kindled just like wood or coal. It is conducted to the furnace in a large pipe, 1000 feet long, and is heated during its passage by a steam pipe within the larger oil pipe. At the boiler it is heated and pumped into the furnace, at the same time being actuated by a steam jet so that it forms a flame several feet wide and flat as a board the entire length of the boiler.

The G. V. & N. railroad was further crippled by the storms of this week, and train service has been very irregular in consequence. Monday evening's flood in Pinal creek washed out 155 feet of the railroad embankment above town, opposite the steam laundry. The break was repaired sufficiently to enable the incoming train to pass over it Tuesday night. Heavy rains west of Geronimo damaged the road to such an extent that yesterday's southbound train, which left here at 6 o'clock a. m., was held up and did not reach Bowie until 11 p. m. The first through train in for two days arrived here at 4:45 this afternoon. Superintendent Beal is doing his best to get the road in shape for the regular resumption of traffic, but when that will be it is impossible to say, so long as the rains continue. Persons who are inclined to grumble at the local railroad management should remember that Globe is faring much better than Bisbee, Nogales and other points south of us. Even the Southern Pacific is experiencing trouble from washouts, and train service on that road is somewhat irregular.
